## BULBS collection presentation

### Airstar expertise

Our newest collection of event lighting combines technical ingenuity with decades of experience manipulating fabric to create a visionary line of balloons shaped like giant, true-to-life light bulbs.

### A unique, retro-modern atmosphere

The BULBS collection incorporates vintage and industrial design elements to produce a truly unique atmosphere that is ideal for any event.

### A tailor-made light show

The flexibility of our LED technology makes this collection 100% customizable. Each unit can be connected together through DMX to mix various shades of white and colour into a one-of-a-kind light show.
